Contact the Hematology Program

The Hematology Program welcomes consultations and can be reached for urgent referrals through One Call at 720-777-3999 or toll free at 800-525-4871. When contacting One Call, please ask to be connected to the hematologist on-call for any patient needing to be seen within one week of referral.

For more information or for referrals specific to bleeding and clotting disorders, please call the Hemophilia Thrombosis Center at 303-724-0724.

For other hematological information or referrals, please call general hematology at 720-777-6740.
